

KERALA STATE ELECTRICITY BOARD

Office of The Assistant Executive Engineer
Line Maintenance Subdivision Kalamassery
HMT Colony.P.O
Kalamassery

DB-08/LMSDK/2013-14

To whom so ever it may concern

- We have purchased 16 mm and 20 mm Plateena Rope from Garware – Wall Ropes Limited, Chennai.
- We used the rope for Maintenance, Stringing of conductors, Changing earth wire, Changing of insulators, etc of EHT lines.
- The rope is very light, easy to handle, easy to transport, flexible and very strong.
- It helps in faster operation and saving of time and labour.
